

Intern With Us!

Internship Position: Audio Content / Podcast Internship

Date Published: May, 8, 2018

Number Of Positions: 2

Start Time: Flexible

Hours: Between M-F, work hours are flexible

Location: On Target offices in Maitland, Fl. 32751

Description:

If mixing, microphones, and sound effects are right up your alley, we want to talk to you. The On Target content team is seeking a few interns to join us this summer (2018). Our amazing clients are loving our new podcast services and we'd love to give you some hands on experience with pre and post-production work on our audio content services.

Responsibilities:

- Record, edit and mix audio content in our podcasting suite
- Seek ways to enhance the quality of our content production services
- Use your technical genius skills to help address any technical issues that may arise
- Help develop new content ideas and seek ways to liven up existing programming
- Work with our content production team to publish content online

The Experience We're Looking For Out Of You:

- Some experience in the audio engineering world
- Technical experience in sound editing, EQ, mixing
- Working knowledge of audio editing software
- Working knowledge of content marketing

How To Apply:

Visit <https://ontargetwebsolutions.com/careers/> and fill out the form. We'll be in touch shortly.
